

## WALZ announces successful completion of SOC 1 & SOC 3 Audits

Temecula, CA June 19, 2015 - WALZ, the nation's leader in managing critical communications between organizations and their customers, today announced that it has successfully completed Service Organization Control Reports<sup>®</sup> - SOC 1, SSAE 16, Type II and SOC 3 audits. With the completion of the SOC audits, WALZ demonstrates its continued investment in and reliability of solutions for financial institutions that include Critical Document Services.

The SOC 1 and SOC 3 reports are designed to meet the needs of existing or potential customers who require assurance about the internal controls at a service organization relevant to the Security, Availability, Processing Integrity, Confidentiality, and Privacy criteria of the systems used by the service organization. The audit, conducted in accordance with the AICPA SOC reporting standards, was conducted by AuditOne Inc., a PCAOB registered CPA firm specializing in SOC audits.
